# Larry Hubich SFL PRESIDENT

“ I have done my best to represent all unions affiliated to the SFL over the past four terms with **fairness, dignity, professionalism and commitment.**

With every new challenge we face, I remain committed to the principles of **honesty, integrity, reliability and accountability.”**

saskatchewan federation of labour convention

# 2010

october 27 - 30, regina, saskatchewan

The provincial government has launched **a massive assault against the trade union movement** over the past three years.

Through their unconstitutional pro-corporate labour legislation, the Sask. Party government is trying to erase the hard-won rights that protect unionized workers across the province.

If you're one of those affected by these anti-worker bills, you understand why we challenged the government in court over the past two years.

Why did we put so much time and resources into fighting against legislation that affects just some of our membership? Because an assault on one is an assault on us all. It's how trade unions work. We stand together, or we fall.

We did not achieve what we have today — overtime, weekends off, equal pay for equal work, health and safety, and pensions — until we stood together to fight for them.

I am first and always on the side of the worker. Together with other union leaders, we will continue to defend the right to join a union, the right to free collective bargaining, and the right to a decent standard of living for everyone.

Now, more than ever, workers need strong unions. Those unions need a strong Saskatchewan Federation of Labour. With your support, I will continue to fight to keep our federation strong.

“ Unions are under attack like never before in this province. **More than ever we need someone who will stand up for the rights of working people.** I have the experience, the integrity and the commitment to keep fighting for a fair deal for everyone. ”

## THREE REASONS TO RE-ELECT ME

### 1. I AM A PROVEN LEADER

The best work comes from a strong team with accountable, democratic and reliable leadership. You, as SFL members, are my greatest resources and our collective successes over the past four terms are because of your support.

### 2. I CAN GO THE DISTANCE

Collectively, we launched a court challenge against Bills 5 and 6 and won a ruling in our favor from the United Nations International Labour Organization. The working people of Saskatchewan deserve a federation that will keep fighting for them and a leader who won't give up when things get tough.

### 3. I AM ACCESSIBLE

I am always willing to listen to ideas and concerns from within and outside the labour movement. I am in constant contact with the membership and I list my email and phone numbers on every one because I want to know what you think. Feedback helps form and strengthen our policies and is a vital part of a democratic, healthy federation. I invite you all to contact me anytime you have something to say.

I thank you for your support in the past and I ask you for your vote at convention. **Together, we are strong.**
